

Write This Down
George Strait

(original in Ab, but this is written in G)

Intro: (G) //// //// (A) //// //// (D) //// //// (G) //// (D) ////

I never saw the (G) end in sight
Fools are kind of (A) blind
Thought everything was (D) going alright,
but I was running out of (G) time riff

You had one (G) foot out the door
I swear I didn't (A) see
But if you're really (C) goin' a-way
(D) Here's some final words from (G) me (C)(G)

CHORUS:

Baby write this (G) down, take a little look
To re(A)mind you in case you didn't know
Tell yourself I (C) love you and I don't want you to (D) go
Write this (G) down

Take my (G) words and read 'em every day
Keep 'em close (A) by, don't you let 'em fade away
So you'll re(C)member what I forgot to (D) say
Write this (G) down

repeat intro

I'll sign it at the (G) bottom of the page
I'll swear under (A) oath
'Cause every single (D)word is true
And I think you need to (G) know riff

So use it as a (G) book mark
Stick it on your (A) 'fridgerator door
Hang it in a (C) picture frame
up above the (D)mantle where you'll see it for (G) sure (C)(G)

Chorus

Bridge:
(Bm) You can find a chisel, (D) I can find the stone
(C) Folks 'll be readin' these words, (D) long after we're gone

Chorus

Oh, I (A) love you and I don't want you to (D) go

Baby, write this (G) down
