

You're Always Right Steve Mitchell

Intro: A9, then funky riff in E

Now just the (E9) other day, I had something to say
'Course it turned to a fight
I didn't even know what we we're talking about
But I know you were right (E9...slide down)

CHORUS:

You're always (E9) right (A)(E) (E9)
You're always (E9) right (A)(E) (E9)
You're always (E9) right (A)(E) (E9)
You're always (E9) right (A)(E) (E9)

We couldn't agree on which movie we'd see
Some how I got my way
The plot was too slow and the actors were bad
Now all I've got to say is

Chorus

BRIDGE:

(A) One of these days, I'm gonna (E9) listen to you
(A) Somehow I'll learn to just (E9) do what you do
(B9) There's no doubt about it, there's no (C7) question (B7) now
You're always (E9) right

Solo: Rhythm as verse

Chorus

Driving on the highway, it was your way or mine
I thought I knew the way
You said take the first exit, but I missed the sign
I'll get it in my head someday

Chorus

Bridge

(B9) There's no doubt about it, there's no (C7) question (B7) now
You're always (E9) right
