

# Who's Crying Now?

(Am) (F)  
It's been a mystery, and still they try to see  
(Dm) (Em) (Am)  
Why somethin' good can hurt so bad  
(Am) (F)  
Caught on a one-way street, the taste of bittersweet  
(Dm) (Em) (Am)  
Love will survive somehow some way

Am  
One love feeds the fire  
F  
One heart burns desire  
Dm Em Am  
I wonder, who's cryin' now  
Am  
Two hearts born to run  
F  
Who'll be the lonely one  
Dm Em Am  
I wonder, who's crying now

(Am) (F)  
So many stormy nights, so many wrongs or rights  
(Dm) (Em)  
Neither could change their  
(Am)  
Headstrong ways  
(Am) (F)  
And in a lover's rage, they tore another page  
(Dm) (Em) (Am)  
The fightin' is worth the love they save...

## Chorus

F Dm Am  
Only so many tears you can cry  
F Dm  
'till the heartache is over  
C G Bb  
And now you can say your love....  
Am  
Will never die...

## Chorus
