

## "Who Says You Can't Go Home" – Bon Jovi

Intro: G////Cadd9////Am////C//// G////C////Am////D////

I spent (G) 20 years trying to get (C) out of this place  
I was (Am) looking for something I (C) couldn't replace  
I was (G) running away from the (C) only thing I've (D) ever known (Dsus4)(D)  
Like a (G) blind dog with (C) out a bone  
I was a (Am) gypsy lost in the (C) twilight zone  
I (G) hijacked a rainbow and (C) crashed into a (D) pot of gold  
(Em) I been there, done (C) that and I ain't lookin' (G) back on the seeds I've sown,  
Saving (Em) dimes, spending (C) too much time on the (D) telephone  
Who says you can't go (G) home

### [Chorus]

(G) Who says you (C) can't go home  
There's only (Am) one place they call me (C) one of their own  
Just a (G) hometown boy, (C) born a rolling (D) stone  
who says you can't go (G) home  
(G) Who says you (C) can't go back, been  
(Am) all around the world and as a (C) matter of fact  
There's (G) only one place (C) left I want to (D) go,  
who says you can't go (G) home  
It's alright, it's al(C)right, it's alright, it's a(Am)lright, its alright, it's al(D)right

I went as (G) far as I could, I tried to (C) find a new face  
There isn't (Am) one of these lines that (C) I would erase  
I lived a (G) million miles of (C) memories on that (D) road (Dsus4) (D)  
With every (G) step I take I know that (C) I'm not alone  
You take the (Am) home from the boy, but not the (C) boy from his home  
(G) These are my streets, the (C) only life I've (D) ever known,  
who says you can't go (G) home

### [Chorus]

who says you can't go (G) home  
It's alright, it's al(C)right, it's alright, it's a(Am)lright, its alright, (D)  
who says you can't go (G) home

Solo ( G////C////Am////C//// G////C////Am////D////)

(Em) I been there, done (C) that and I ain't lookin' (G) back  
It's been a long long road  
Feels (D) like I never (C) left, that's how the (D) story goes

It doesn't (G) matter where you are, it doesn't (C) matter where you go  
If it's a (Am) million miles away or just a (C) mile up the road  
Take it (G) in, take it (C) with you when you (D) go,  
who says you can't go (G) home

### [Chorus]

It's alright, it's al(C)right, it's alright, it's a(Am)lright, its alright, (D)  
who says you can't go (G) home  
It's alright, it's al(C)right, it's alright, it's a(Am)lright, its alright, (D)  
who says you can't go (G) home  
It's alright, it's al(C)right, it's alright, it's a(Am)lright, its alright, (D)  
who says you can't go (G) home
